Lower-Tier Subcontractor Flowdown Certification

Contractor Instructions for Lower-Tier Subcontractor Flowdown Certification:

1. Contractor is required to identify lower-tier subcontractor(s) (including 1099 personnel) who will be performing:
    a. Work on the Hanford site, or
    b. A significant* portion of the Contract offsite.
2. CPCCo reserves the right to refuse to accept any proposed lower-tier subcontractor.
3. CPCCo reserves the right to request copies of the lower-tier subcontracts documenting Contractor's compliance with flowdown requirements.
4. This signed form must be submitted to the CPCCo Contract Specialist prior to issuing the lower-tier subcontract.
5. An updated form with additions or changes must be submitted during contract performance, including whenever a new lower-tier subcontractor is contemplated for use in performing the CPCCo contract.

*"*Significant" generally means work scope, value, performing safety-related work, environmentally sensitive work, work in a radiation zone, Quality Level 1 or 2 work, or supplying equipment which aligns with one of these examples.*
