### WASTE CONTAINER SHIELDING, LIDS, SPACERS AND BINS FOR THE 300 AREA END STATES

#### SECTION A – REQUEST FOR PROPOSAL (RFP)

##### 1.0 INTRODUCTION

Central Plateau Cleanup Company (CPCCO) acting under contract with the Department of Energy, requests proposals for the award of a **Firm Fixed-Price** contract to provide **WASTE CONTAINER SHIELDING, LIDS, SPACERS AND BINS FOR THE 300 AREA END STATES**.

Section A contains the basis of award, proposal submittal requirements, proposal instructions, and notices to Offerors. Section B contains Representations and Certifications and other documents, which Offerors may be required to complete, sign and return with their proposal, as well as a Draft 4-Part Contract which contains:

- Part I – Statement of Work
- Part II - Financial Terms
- Part III – General Terms and Attachments
- Part IV – Special Provisions

CPCCO may determine that any proposal not submitted in accordance with the specified requirements of this RFP is non-responsive and therefore, ineligible for award.

##### 2.0 BASIS OF AWARD

Contract award shall be made to the Offeror with the lowest-priced, technically responsive proposal meeting all requirements of the RFP. Award may be made based upon initial proposals without discussions; therefore, initial proposals should contain the Offeror's ***best and final*** offer.

##### 2.1 Acceptance or Rejection of Proposals

CPCCO reserves the right to accept or reject any proposal with or without discussion with the Offeror. CPCCO may:

- award a contract on the basis of proposals received without discussions with Offerors (therefore, initial proposals should be submitted with Offeror's ***best and final*** offer);
- select one or more Offerors to negotiate with;
- reject any or all proposals received;
- issue a request for new proposals; or
- cancel the RFP without awarding a contract.

## REQUEST FOR PROPOSAL NO: 359081

### WASTE CONTAINER SHIELDING, LIDS, SPACERS AND BINS FOR THE 300 AREA END STATES

#### 2.2 Responsiveness Determination

CPCCo will determine if the Offeror is responsive to the RFP requirements and eligible for award. This evaluation may include (but is not limited to) information gathered from other sources, including safety performance, financial stability and past performance for CPCCo or other customers. This determination may be made at any time by CPCCo without additional questions or revision. CPCCo may waive minor informalities and irregularities in offers received.

#### 2.3 Proposal Costs

CPCCo does not pay proposal preparation costs.

#### 2.4 Award Notification

CPCCo will notify all Offerors once a successful proposal has been selected for award. There will be no public opening of proposals.

### 3.0 PROPOSAL PREPARATION INSTRUCTIONS

Organize the proposal as described in the following sections.

Proposals must clearly and convincingly demonstrate that the Offeror has a thorough understanding of, and will be able to perform, the proposed contract work successfully. For technical work, describe the proposed technical approach including assumptions and supporting detail. Unsupported, unclear, or inconsistent statements about Offeror's proposed performance and compliance with all contract requirements may be determined as non-responsive.

**Do not submit generic brochures or other marketing materials which do not specifically relate to the proposal.**

#### 3.1 Proposal Content

Offeror's proposal must contain information sufficient to demonstrate an understanding of the requirements and Offeror's ability to perform successfully as proposed. Offerors who submit proposals which are unclear or incomplete may be judged non-responsive and removed from further consideration for award. Repeating the statement of work requirements or merely offering to perform the work may result in a lower-ranked evaluation or the offer being judged non-responsive to the requirements and removed from further consideration.

## **REQUEST FOR PROPOSAL NO: 359081**

### **WASTE CONTAINER SHIELDING, LIDS, SPACERS AND BINS FOR THE 300 AREA END STATES**

#### **3.2 Volume I – Technical Proposal**

#### **3.3 Volume II – Cost/Price and Contractual Proposal**

Volume II shall consist of the Offeror's proposed pricing as instructed in the RFP pricing instructions. If a price sheet is included in the RFP below or as an attachment, the Offeror must complete the sheet as formatted. If a price sheet is not attached, the Offeror may submit their cost/price proposal in a format of their choosing. All pricing assumptions shall be clearly stated to allow a reviewer to assess the potential cost risks associated with the proposed design. Include a signed Representations and Certifications (SP-16) with the proposal. To obtain the form, click on the link to SP-16 in Section B. The Offeror must submit an original and one copy of this volume.

#### **3.4 Volume III – Quality Assurance Manual**

If changes have occurred, submit a statement detailing the changes.

#### **3.5 Offeror's Acceptance**

The contract, if awarded, resulting from this RFP will be substantially the same as the draft contract that is contained in the accompanying file. Unless otherwise noted by the Offeror in its proposal, Offeror's submission of a proposal signifies the Offeror's unqualified acceptance of all technical requirements and other terms and conditions that are contained and referenced in this RFP and the accompanying draft contract file. Interpretations established by the Offeror to any part of this RFP may be considered an exception and may render the proposal "non-responsive," resulting in removal from evaluation and award considerations.

In case of doubt, Offeror should request clarification from CPCCo. If the Offeror takes any exceptions to the requirements of the RFP, the pricing shall be based on the requirements of the RFP and the exception(s) priced as alternates.
